### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: claims 4, 11-12 and 28-30 are free from prior art. Applicants overcame the obviousness-type double patenting rejection of claims 4 and 11-12 over claims 1-4 of commonly owned U.S. Patent 6,849,624 that was raised in previous Office Action (see items 4-5). Applicants submitted a declaration under 37 CFR §1.132 (affidavit by Olaf Grassmann, Ph. D.) to overcome said obviousness-double patenting rejection. In the declaration, it was shown that the crystalline form of the compound in the instant claims is different from the crystalline form of the compound claimed in U.S. Patent 6,849,624.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
